ATTEMPTS SUICIDE.

John Windsor, aged 20 years, who with a companion named John Davis, left his home in this city several months ago, arrived in Hinton, W. Va., last Sunday, and made an attempt to commit suicide in the county jail yesterday. He was examined Sunday night by court physicians and pronounced insane. There was a large group among his breakfast dishes yesterday morning, and when Windsor had finished eating he rammed the spoon down his throat. It took the combined efforts of the jailer and his attendants to overpower him. Yesterday afternoon he made other attempts to knock his brains out against the walls of the cell. In response to the notification sent to his relatives, in this city, his brother, Albert Windsor, arrived at Hinton yesterday but concluded that it would be impossible to remove him to his home. Steps are being taken to have him taken to an institution for the insane.

MR. ROBERT DAVIS TO SPEAK.

The Southern Presbyterian Church has placed prominent laymen in charge of many departments of its work. Gov. Glenn, of North Carolina, and R. E. Magill, of Tennessee, are among this number. The latest addition to this lay force is Mr. R. H. Davis, of Louisville, Ky., who has been made secretary of the men's and boys' societies. Mr. Davis will hold a conference with leaders of the Conference in this city on Wednesday afternoon. On Wednesday night he will speak at 7:30 o'clock in the Second Presbyterian Church on church work for boys and men. This evening service is public. "The Man Problem" in the church of today will be discussed by Mr. Davis, who has had much success in such work.

EVERYBODY HAPPY.

This was the condition of those who attended the Alexandria Amusement Company's entertainment. Everything said about the quality of the pictures, was far inferior to their desert. Tonight the management, in an endeavor to keep pace with the swift current at present prevailing in the line of vaudeville and motion pictures, have selected the most novel set of pictures to be secured and invite the theatre-goer's inspection of the same. If one wants to spend an hour in laughter and amusement he should attend.

ROUGH AND TUMBLE FIGHT.

As there are some men in the intellectual physical, as shown last night at 8 o'clock when a fight occurred at the corner of King and Pitt streets when it seemed that the whole city was on parade. There were two blows—one young man struck the other and the other struck the pavement. Excitement ran high for some time, but the better nature of the "best man" reigned supreme and he let his victim depart.

THE SEMINARY.

The catalogue of the Virginia Theological Seminary for 1908-9, has recently been issued. There are forty-four students this year, representing twenty dioceses since the organization of the Seminary in 1823, its alumni have numbered 1,100, of which 531 have died and 569 are now living. Among the alumni are the names of twenty-eight bishops of the church and many missionaries in all of the great fields at home and abroad.

PRESENTED WITH GOLD CHAIN.

At the People's Mission last Friday night, after the services closed, Rev. J. R. Butler, who conducted the revival services there last week, was presented with a handsome gold chain by Evangelist Geo. A. Mills for his little daughter in appreciation of his services. His response was appreciative, both in manner and tone. [Fredericksburg Journal.]

GOOD SHOW.

The Ellie Picture Company gave its usual big Monday night show last night. The pictures were good and Tom Howard entertained the audience with his singing, banjo playing and funny sayings. Tonight there will be an entire change of pictures of the best subjects made and the kind you like to see. Come early and secure a seat and hear Tom Howard.

EASTER OPENING.

Swan Bros. announce their Easter offering for today, Wednesday and Thursday. Their store has been tastefully decorated with palms and flowers, and presents a beautiful appearance. A cordial welcome is extended to all to attend their Easter opening and inspect the large stock of new spring and summer materials.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow (Wednesday), afternoon at 8 o'clock at the Children's Home on Duke street. The business meeting will be on Wednesday afternoon, on account of the entertainment at the Young People's Building on Thursday evening.

WHY A WOMAN SHOULD NOT VOIE

The Pure Food and Industrial Exhibition being held at Armory Hall will learn the housekeeper many lessons. The queen of the home is generally mistress of every condition that may present itself, and she, above all others, should attend this exhibition. Most people think that it is intended for man to preserve and protect our country and its institutions, and for the woman—God bless her—to protect, preserve and nurture our homes. The home needs the good mother, because she is the one to fashion our being and guide the footsteps of the future man in the path of good citizenship. Man is out in the world subjected to the temptations and vicissitudes of our daily life, and too frequently he does things that if he were alone, like the women, he would not do, because the home duties and responsibilities run in a different channel. Now, if he has the good, homelike wife and mother to greet and welcome him on his return, what has been bad or objectionable to him in his daily intercourse with the outside world is forgotten and soon fades away, and by having such a helpmate the seed of evil that may fall on him will not germinate. But if the woman is to be out in the world and subjected to the trials and troubles the same as the man, who then, will be the means of making our homes what they should be? Keep the woman what she should be—better than the man. A good woman is always better than a good man, and a bad woman is always worse than a bad man. If the woman is to vote, she will be tempted very often to do wrong. In order to be registered, it is required of you to give your correct age, and to give it every two years, because of a new registration. Will the woman give her correct age? If she does not, then she is tempted to do wrong at the very beginning. Let no one help to lead her to temptation. If she wants to benefit the home she should attend the Pure Food Show at Armory Hall and then learn a tangible lesson in housekeeping.

Tonight the F. J. Kramer Floral Co. will distribute handsome floral souvenirs from their booth at the exposition.

GEO. WASHINGTON PARK.

The secretary has invited all members of the various committees of the George Washington Park Association to be present at the meeting of the general committee in the Supreme Theatre at 2 o'clock tomorrow. Other organizations which have appointed committees but not reported are requested to be present. This is an important meeting at which it is expected the details of the celebration will be mapped out. M. D. Corse, Camp Sons Confederate Veterans, has appointed the following committee for "Old Home Coming Week." Frank A. Baylis, C. W. O'Meara, H. Noel Garner and Dr. E. A. Gorman. Work on the new streets between George Washington Park and the railroad from King to Duke streets has commenced. R. E. Thornton, state senator from this district writes Chairman G. K. Pickett under date March 27th as follows: "I have just received your favor notifying me of my appointment on the committee for Providence district on the occasion of the celebration of the 120th anniversary of Washington's first inaugural etc. and desire to thank you for the compliment. I shall be glad to co-operate with you in making the occasion a memorable one." Mr. R. O. Holt, Indiana Springs Dairy and Stock Farm, Lorton Valley, Fairfax county, Virginia, writes Chairman Pickett that he will do all he can to aid the approaching anniversary celebration, and that he will render all the assistance in his power. Mr. H. W. Backbe, of Rockford, Ill., sends Secretary Wedderburn one dozen "Hydrangeas paniculata Grandiflora" to be used in George Washington Park, and suggests that they be planted in a group. This is the second contribution of flowers for the park, the first having been contributed by our fellow townsman, Mr. Looser, of the Washington Floral Company.

"PUNCH AND JUDY"

This old means of entertainment one would have thought would have been relegated to the world of "has-beens" years ago, but it seems that when played in the style of that given at the Opera House last night it is becoming more popular. Ed Roscella, who is taking the major character in this farcical sketch, is the best in the line ever seen in this city. One fact remains, the managers of the Opera House will have nothing but good talent, and if it is not good they never stay here more than one night. Being up-to-date theatre men, it can be safely said that they know what they are doing. In addition to the above there will be tonight sweet singing, clever dancing and novelty acts. One of the finest lines of pictures ever selected will be put on, and when it is remembered that Miss Abbie Schofield will sing again, this itself should be enough to attract a crowd. A laughable farce comedy tonight will be "Razor Jim" which will be given by the entire stock company. In addition to this Billy Campbell, the sweet voiced singer, will be there in all his past and present glory. He is the finest tenor heard in this city. During this week Miss Schofield will introduce "The Palms."

LECTURE ON MARTIN LUTHER.

Mr. F. A. Holtzhausen will deliver a lecture on Martin Luther in the First Baptist Church tomorrow night at 7:30 o'clock. Mr. Holtzhausen lectured last night before the students of the Episcopal Theological Seminary and High School. He was born at Wittenberg (Luther's city), Germany, was christened and confirmed in Luther's church, drank of Luther's well, played under the "Luther Oak," and has visited all the principal places of interest in connection with Luther's life and work. He has studied theology in London, preached the gospel in Germany, Switzerland, England and America and founded the Good-Will Farm (an institution affording care, education and manual training to orphans and neglected boys) at Houghton, in northern Michigan. Mr. Holtzhausen's lecture will doubtless prove interesting to all who may attend. No admission fee will be charged.

CONTRACT AWARDED.

The contract was awarded yesterday to J. F. Rodgers, a well-known contractor of this city, for the construction of an attractive electric car station to be built by the Rosemont Development Company, at Rosemont, just west of this city. The station will be modern in every way, being constructed throughout of reinforced concrete. The exterior walls will have a finish similar to pebble dash, the interior being of a brown sand plaster. The spacious waiting room will have a large open fireplace, all of concrete. The windows will be of French casement type fitted with diamond shaped glass. An especial feature which the architects have incorporated in the design is that all corners are rounded, so as to be especially sanitary and easily cleaned, with a hose if desired. The building will be covered with a green stained shingle roof having wide open hanging eaves with exposed rafters. Electric heaters will be used throughout and the plumbing will be of the latest sanitary type. Contracts have also been closed for sewers, sidewalks, streets and clogging, and work on these have already been started. The gas connection has been made, and pipes are now being laid. The Development Company has among its officers Mr. R. A. Chester, president, a man well-known in the business circles of Washington, and Mr. Alexander Suter, secretary and treasurer who has many friends here, he having formerly been a resident of this city. Mr. F. L. Shymaker, one of the leading real estate men of Alexandria is also connected with this work. Mr. D. J. Howell, of this city, has charge of the engineering work which has been awarded to the Bnall Construction Company. Mr. M. D. Morrill, the architect for the Rosemont Company, is preparing plans for many attractive houses, and work on these will be started soon. The company proposes to make Rosemont the most complete and attractive suburb in the vicinity of Washington.

DEATHS.

Mrs. Amelia Dorsett Lyons, widow of John Whitley Lyons, of Maryland, died last night at her home on North Washington street. The deceased leaves three daughters. Mrs. Lyons was a native of Maryland, but had resided in Alexandria for a number of years, during which time she made many acquaintances and friends who will regret to learn of her death. The funeral will take place from St. Paul's Church tomorrow afternoon. Mr. Frank C. Berryman, a well-known resident of this city, died at his home, 120 North Patrick street, yesterday evening. The deceased was 62 years old. He was a native of Fauquier county and was a carpenter by occupation. As has been stated, Mr. Joseph L. Berryman died in the Philippines on the 10th instant from cholera. The deceased was a son of Rev. and Mrs. J. W. Larmour, of Upper Falls, Md., and a nephew of Mr. W. M. Larmour, who makes yearly visits to Alexandria, his native home. He was a member of a family well-known in Alexandria in bygone days and esteemed by all. The Larmour home on Franklin street, between Columbus and Alfred, is one of the city's old landmarks.

QUEEN OF THE CARNIVAL.

The "Queen of the Carnival" contest is in the hands of the decoration committee, of which Mr. M. P. Greene is chairman. In counting the votes cast the committee had no choice in the matter except to publish the names of those for whom the votes were cast. There will be no attempt on the part of the committee to enlist people in this contest who do not want the honor and therefore those who do not want to be candidates will have their names erased from the list of young ladies who will be voted for by addressing a letter to the chairman of the decoration committee stating their desires.
